

Easy, inspired shopping for your customers. Increase baskets and loyalty for you!

It's time to make shopping feel as easy and inspiring as it should be™

SmartMeals™ by Breez AI is a generative AI shopping companion that transforms how people plan, shop, and cook. Built for the modern consumer and integrated directly into grocers' online platforms, Breez helps shoppers go from "What's for dinner?" to checkout in under two minutes, personalized to their tastes, goals, and budgets.

Breez AI is not just a tool, it's the personal shopping assistant of the future, designed to make every grocery trip effortless and personal.

Benefits for Grocers

- 1. Personalized Engagement:** 83% of consumers want personalization from their grocer. Breez helps you deliver it easily and automatically.
- 2. Faster Shopping,** Happier Customers: 66% of customers spend 30+ minutes planning each grocery trip. Breez AI helps them get that time back.
- 3. Bigger Baskets:** Breez has delivered 22% larger baskets in deployed retailers as shoppers add full meal ingredients to cart
- 4. Increased Loyalty:** Breez has driven a 72% increase in loyalty sign ups in deployed retailers as shoppers adopt the experience
- 5. New Revenue Streams:** Built-in retail media opportunities, couponing, and integrating items on ad enable CPGs to reach shoppers at moment of choice. *What's Next: Sponsored ingredients, recipes and shoppable videos*
